COVID-19 Risk Status for Iran's Counties (4 August 2020)

The status of the cities is being updated in the Mask app, endorsed by Iran's Ministry of Health and Medical Education, Link to the Mask application website: <https://mask.ir/>

Imposed International Restrictions

(No significant change compared to yesterday)

Travelers are strongly recommended to visit government websites for updated information and more details regarding the international restrictions for entering the countries.

Restrictions at Iranian Borders (as of 08 August, 13:00 PM)

The Latest Situation of Cargo and Passenger Traffic in the Common Borders of Iran and Neighboring Countries

Country	Border/Crossing	Cargo Status	Passenger Traffic Status	Remarks
Iraq	Mehran	Allowed	Not Allowed	<p>Iraqi nationals having Iranian wives and their children, Iraqi students and merchants, Iraqi nationals with work permit and those Iraqis who intend to travel Iran for the purpose of medical treatment are being granted visa to enter Iran. Currently Iraqis with tourism and pilgrimage purposes are not allowed to enter Iran. Travelers are required to have valid health certificates indicating negative Coronavirus test. In addition, their passport numbers must have been printed in their health certificates.</p> <p>The Embassy of Iran also announced that among the Iranians, only diplomats are currently allowed to enter Iraq. Iraq resumed international flights for passengers under strict health guidelines. Wearing masks and hand gloves and social distancing in the Airports is mandatory for all workers and passengers.</p> <p>All arriving passengers must have a medical certificate with a negative Coronavirus (COVID-19) test result issued at most 48 hours before departure.</p> <p>The body temperature of all passengers will be checked by thermal camera screening at the terminal entrance. Passengers are also subject to medical screening and quarantine.</p> <p>Passengers arriving at Erbil (EBL) or Sulaymaniyah (ISU) must complete a "Pledge Form" upon arrival. Departing Passengers are required to carry out PCR test at the medical centers and health laboratories specified by Iraq Ministry of Health and according to the requirements of the states of destination, in case destination state didn't request (PCR) test, so it must be done before 72 hours from departure flight date.</p> <p>Mehran border - operational on Sundays and Wednesdays allowing the daily transport of 250 trucks. Health protocols are strictly followed on Mehran crossing. Negotiations are still ongoing for full reopening of the Mehran border.</p> <p>All entrants to Iraq from this border point must have a health certificate with a negative Coronavirus (COVID-19) test result.</p> <p>Shalamcheh - reopened on 8 July 2020, and is operational for two days per week. As per the request of Iraqi authorities, Shalamcheh border will be closed between Eid al-Adha and Eid al-Ghadir for 10 days, from 30 July, until 9 August 2020.</p> <p>Chazabeh – currently is operational only for cargo export from Iran to Iraq.</p> <p>Bashmagh-Marivan - export and transit is operational through this border.</p> <p>Khosravi – reopened on 23 July 2020 for cargo transit. Currently the border point is open for individual passenger traffic with full compliance of health protocols.</p> <p>Parviz Khan - reopened on Monday 25 May 2020.</p> <p>Tamarchin – export and transit is operational through this border.</p> <p>Soumar (Mandali) – reopened on 11 July 2020. Currently the border point is operational on Sundays and Wednesdays.</p>

Further updates regarding the countries imposing travel bans for passengers with a travel history to Iran are provided in the below link:

<https://www.iatatravelcentre.com/international-travel-document-news/1580226297.htm>

The global IOM portal tracking mobility restriction can also be reached at: <http://migration.iom.int/>

Travel Restrictions Imposed by Iran

Effective from 5 August 2020, all arriving passengers at all Iranian air borders are required to present a completed self-declaration health form (Covid-19 Screening Form) and Passengers' Commitment Form provided by the air operators, together with a health certificate (for passengers above two years-old) issued in English by appropriate health authorities in the departure country indicating negative PCR test result issued at most 96 hours before departure.

Should the health certificate not be presented on arrival, international passenger will not be permitted to enter Iran and Iranian nationals will be tested and quarantined for 48 hours until they receive the test result. In case of positive test result, the passenger is required to self-quarantine for 14 days or will be referred to medical centers. Passengers shall incur all the expenses including medical tests and accommodation.

All arriving passengers are subject to screening and suspicious national passengers will be tested again and quarantined for 48 hours until they receive the test result. International suspicious passengers will be also tested again and quarantined for 48 hours until they receive the test result. In case of positive test result, international passengers will be quarantined in assigned locations by MoH Iran for 14 days or will be referred to medical centers. Passengers shall incur all the expenses including medical tests and accommodation.

Wearing masks at all passenger terminals of Iran airports is mandatory.

Passenger are strongly advised to cross check with their air operators on the latest prerequisites and required documentations. Imam Khomeini International Airport (IKIA) office can be reached at +9821 5100111 regarding the issues related to health regulations both for incoming and outgoing flights.

IKIA is also equipped with three disinfecting machines for passengers and baggage as a measure to prevent the spread of coronavirus at the airport.

International Airlines

Qatar Airways: Currently operates two daily flights in the rout of Doha-Tehran as per the below schedule.

Day	Flight No	Origin	Destination	Departure	Arrival
Daily	QR490	Doha	Tehran	00:50	04:20
	QR491	Tehran	Doha	05:30	06:00
	QR498	Doha	Tehran	18:30	22:00
	QR499	Tehran	Doha	23:15	23:45

The Airline also operates four weekly flights in the rout of Doha-Mashhad, four weekly flights in the rout of Doha-Shiraz and two weekly flights in the rout of Doha-Isfahan.

All Doha terminating passengers are being quarantined for 14 days. For transfer passengers, no health certificate is required; however, all transfer passengers are being screened before they board their onward flight. In addition, all terminals of Hamad International Airport are equipped with Thermal screening cameras.

Emirates Airways: Currently, operates two weekly flights from and to Tehran on Saturdays and Mondays.

Emirates in partnership with Allianz Partners provides free global assistance services related to COVID-19 medical and quarantine expenses for passengers traveling with the airline at any time with effect from 23 July 2020, until 31 October 2020. The coverage applies to every travel class and is valid for 31 calendar days starting from the trip commencement. No registration is required and COVID-19 health expenses will be covered up to EUR 150,000 and quarantine costs up to EUR 100 per day for 14 days. In addition, free 24-hour hotline support number is available for the passengers. For more information, please refer to <https://www.emirates.com/english/help/covid19-cover/>.

Turkish Airlines: All scheduled flights to and from Iran are cancelled until 31 August 2020.

National Airlines

Iran Air: Currently operates three weekly flights to London on Sundays, Tuesdays and Thursdays, two weekly flights to Paris on Mondays and Fridays, one weekly flight to Amsterdam on Thursdays, one weekly flight to Milan on Fridays and one weekly flight to Manchester every Saturday. Currently Iran Air negotiates to resume flights to Germany. Only the passengers with European residency card, Type D visa holders and long-term visa holders can embark on these flights. In addition, Iran Air operates extra flights to Madrid, Karachi and Minsk for the purpose of returning Iranians only. Following health screening at Imam Khomeini International Airport, passengers are being provided with the required Health certificate for international flights.

Effective from 8 August 2020, Iran Air will operate weekly flights to Kuwait. As scheduled, on Saturdays one flight from Isfahan to Kuwait City and the return flight and on Wednesdays, one flight from Shiraz to Kuwait City and the return flight, will be operated. Iran Air central office in Tehran can be reached at +9821 46621888 for further information.

Mahan Air: Currently operates daily conditional flights to Istanbul and Dubai and extra flights to Damascus, Delhi, Moscow, Beirut, Bangkok and Kuala Lumpur for returning Iranian passengers to the country. Mahan Air resume daily Tehran – Dubai – Tehran passenger flights on 9 July 2020.

Effective 6 September 2020, Mahan Air will operate two weekly flights in the rout of Tehran-Copenhagen, on Sundays and Thursdays. The return flights will be on the same days.

Mahan Air call center in Tehran can be reached at +9821 48384838 for further information.

Effective 20 July 2020, Mahan Air operates one weekly flight to Guangzhou. Passengers are required to have medical certificate with a negative Coronavirus (COVID-19) test result issued at most 72 hours before departure. Passengers are required to refer to below health centers for the required health certificate:

- Day Hospital Laboratory (Tehran)
- Saeed Laboratory (Tehran)
- Aramesh Laboratory (Tehran)
- Azarmehr Laboratory (Isfahan)
- Arad Pathobiology Laboratory (Karaj)
- Central Jihad Daneshgahi Laboratory (Mashhad)

Passengers will be tested again for COVID-19 upon arrival in Guangzhou airport and are subject to quarantine for 14 days. Currently some other national airlines such as **Taban**, **Zagros**, **Iran Airtour**, **Iran Aseman**, **Qeshm airlines** and **Kish Air** are also operating some conditional flights mainly in the route of Istanbul and Dubai for returning Iranians.

Available Cargo Services

Qatar Airways: Operates two weekly cargo flights on Saturdays and Wednesdays. The airline also operates some additional flights during the week for cargo services. The daily flight of QR498 also accepts cargo. Qatar Airways Cargo has offered and confirmed to fly any medical supplies to China and Iran free of charge; however, these shipments must come through the Embassy of China and Embassy of Iran at the origin station, the Embassy must be the shipper. Qatar Airways cargo office in IKIA can be reached at +9821 55678368.

Mahan Air: Cargo service is currently available for China, Bangkok, Kuala Lumpur, Istanbul, Barcelona, Moscow and Dubai. Mahan Air cargo office in IKIA can be reached at +9821 55678215.

Qeshm Airline: Cargo service is currently available for the special flights from Istanbul. Qeshm Airline cargo office in IKIA can be reached at +9821 55678355.

Iran Air Cargo: is currently operational for London, Paris and Italy.
